Suez Canal University (SCU) is establishing an Employability and Career Development Center (ECDC) in collaboration with The American University in Cairo’s Career Center. Funded by USAID, ECDC aims at providing SCU students with the required soft and job search skills that allow them to access career opportunities and land satisfactory employment.

### About the Program

The Employability Skills Training helps you discover your social profile, your greatest strengths and needs, what drives and motivates you, your learning style, your values and interests and how people see you. The training taps on developing well structured resumes, polishing your interviewing skills and sharpening your job search techniques. You will then be ready to learn how to lead with vision, become an active listener, an effective communicator, a strong negotiator and a people motivator.

Finally, you will be prepared to make a difference. You know how to present yourself and how to build your own team using strong network of partners and abiding by the right business ethics and corporate etiquette in a manner that matches employer expectations as well.

### Requirements

**ECDC** is currently recruiting for the first group of employability skills training conducted by Aspire; 25 students will be selected to join the training based on the following requirements:

- SCU Final or pre-final year students graduating in 2013 or 2014.
- Good command of spoken and written English language.
- Good academic standing.
- Committed to attend a 9-day training: round 3 from January 26 - February 3, 2013 or round 4 from February 5 - 13, 2013 from 8:30 am to 5:00 pm (including Friday and Saturday) - Location will be communicated to selected candidates.

### Application Process

Interested candidates should complete the application form at the following link: [http://forms.caps.aucegypt.edu/ecdc_project/index.jsp](http://forms.caps.aucegypt.edu/ecdc_project/index.jsp)

**Deadline for applying:** January 11, 2013. Applications received after the deadline will be considered for future training rounds, on first-come, first-serve basis.

Only short-listed candidates meeting the required qualifications will be contacted for an interview.
