Connection files for online databases

Just install the connection files for the databases you want to search. Then you can use EndNote to connect to a database, conduct your search, collect what you find, and keep it all organized.

[Add connection files >](#)

Writing templates

Choose from hundreds of EndNote templates for Microsoft® Word. As you write, the template will auto-format all the citations, bibliographies and other document elements to match the style or publication you are writing for.

Download an installer

Get a new computer? Lose your disc? Misplace the installer link? You can download the single user license installer file for any previous version of EndNote from our Knowledgebase.

You'll need your Product Key to activate the software. If you have a volume license of EndNote, please obtain the installer from your organization.

Article

For **EndNote X1** and later, you can simply download the demo version from this site. During installation, choose "I am an EndNote customer" in **EndNote X6 and earlier versions** or "I have a Product Key" in **EndNote X7/X8**. You will be prompted to enter your Product Key and the full version of the program will install.
